**Family
Note**

Today your child learned about a *comparison diagram*. It helps organize information in a number story. To read more, see page 190 in the *Student Reference Book*.

Please return this Home Link to school tomorrow.

Write the numbers you know in the diagram. Write ? for the number you want to find. Then solve. Write the answer and a number model. Tell someone at home how you know that your answers make sense.

1. Jenna has \$43. Her brother has \$13. How much more money does Jenna have?

Answer the question: _____ (unit)

Number model: _____

Quantity	

Quantity	Difference

2. There are 28 days until Pat's birthday and 19 days until José's birthday. How many more days does Pat have to wait?
